Hotelstuff and Greenstuff Newsletter: Issue #64

May 2019

Hello from Lorraine and the Hotelstuff Team

What an incredible couple of months!

What an encouraging spike in awareness about Climate Change.

What a relief that the media is finally giving the crisis the coverage it deserves (except, of course, for the birth of Harry and Megan's little Archie!)

ONE MILLION SPECIES AT RISK

Since the IPCC (Intergovernmental Panel on Climate Change) report that got the media sitting up, we got the heart breaking [UN Report](#) warning that we will lose one million species within the next couple of decades.

GRETA THUNBERG'S SCHOOL STRIKES

Then came the amazing Greta Thunberg who got 1.3 million followers in a few months! This young lady will go down in history. The future has spoken!

EXTINCTION REBELLION GLOBAL PROTESTS

Hot on her heels, we saw the nuisance of the Extinction Rebellion protests around the world. These are not crystal-clutching hippies. They are ordinary folk who are fed up with the inaction of politicians. I don't care if millions of Londoners and others were inconvenienced. When I lived in California in the early 70s, we marched for civil rights, we protested against Vietnam and demonstrated for feminism. Civil disobedience works!

WEBSITE NEWS

Our Hotelstuff and Greenstuff websites continue to thrive. While we wait for the politicians and big corporations to do something, we can make greener choices in everything we do and buy. Thank you for the amazing support you give our little team!

SPEAKING ENGAGEMENTS

This media attention means that I am getting many more opportunities to speak to people who finally want to listen. A journey of 50 years of activism - making it all worthwhile. More of that below...

Please remember to 'LIKE' both our Facebook pages:

What We've Been Up To

AFRICAN WOMAN LEADERSHIP AWARD - OUR 16th AWARD!

New in Africa - this is an international movement where people around the world are honoured for their work and short-listed for the final ceremony; the HRD Congress and World Women Leadership Congress with 1,870 professionals in attendance from 133 countries. What an inspiring event to be in the room with such amazing achievers - academics, educators, corporate kingpins, sustainable hospitality principles and more. I won the "African Woman Leadership Award" for the environmental category.

5TH SUSTAINABLE TOURISM AFRICA SUMMIT - MOMBASA, KENYA

Another opportunity for me to speak at the outstanding Sustainable Tourism Africa Summit held in Mombasa this year. It is always such a pleasure to work with authentic, qualified, passionate people. From PhDs & to refugees. Just lovely people who dedicate their lives to the protection of our magnificent continent. I spoke on the "Impact of Climate Change on Tourism in Africa" and a second talk on "Sustainable and Green Hospitality Operations".

EXXARO SUSTAINABILITY SUMMIT

Would you believe... an invitation to speak to a mining company? People digging up the very stuff we rail against! Blown away. Yes, I was blown away by their genuine commitment to environmental principles, investment in renewables, helping small farmers and so much more. One of the greenest events I have ever attended. Bravo Event Wizards!

WORLD TRAVEL MARKET (WTM) - CAPE TOWN

Thrilled to be included here again. Another wonderful show to promote our beautiful continent. Spoke on a panel with Harold Goodwin. We should have had a bigger audience. I think the topic was too narrow. People are beginning to understand the issues and want to know more. They need latest research, predictions, opinions with ideas on how to prepare, not only how to prevent. People need to feel in control of an unpredictable future.

Upcoming Event

THE HOTEL SHOW AFRICA 2019

23 to 25 June 2019, Gallagher Convention Centre, Johannesburg

Come and find us on Stand B05 in Hall 4

This year we are concentrating on meeting with buyers and suppliers - explaining our core business - learning what their needs are - seeing where we can provide further service - and sharing news about our upcoming projects and events. Instead of showcasing products per se, we will:

1. Display Brochures and Marketing Material provided on behalf of our subscribers;
2. Present a constantly scrolling visual display of products on a large television monitor with **Slides**.

If you would like to have your company represented, please email Tahnya at tech@hotelsuff.co.za.

Attend the **Hospitality Leadership Forum** to hear speakers on a wide range of topics. Lorraine will be on a panel to discuss the future of responsible tourism. See you there!

Who are we?

Hotelstuff: Conceptualised as a platform for trade introductions and online directory of suppliers, Hotelstuff has since evolved into a sophisticated business tool and much more than just an online directory. Today, many procurement departments from every industry and also homeowners use our two directories as their primary supplier list. Better still, it costs nothing for buyers to contact those listed in our directory. Suppliers simply pay an annual registration fee for their directory listing. Please note **WE ONLY MANAGE THE WEBSITES** and do not get involved in sales or quotes.

Greenstuff: Sister website to Hotelstuff, Greenstuff is a separate online directory of the green or eco-friendly products of suppliers listed on Hotelstuff.

Quick & Simple: No middle man. Interaction between the third parties is direct and enquiries are channelled to the supplier at no cost. The conclusion of the sale or interaction is not influenced by Hotelstuff in any way and we don't receive commissions or referral awards.

Virtual Helpdesk: As a value-add, we offer a free virtual Helpdesk for buyers who can't find what they need on our sizeable directory or are looking for unusual products or services. Given Lorraine's insight and 15-year tenure in Africa's largest hotel chain as Contracts and Purchasing Manager, she is more than qualified to refer and advise.

Conference & Event Stuff (Eco) Directory: We have created a new directory which provides anyone, wanting to host a green event, with easy-access tools to source venues, organisers and product suppliers that are offering 'eco' options.

Green Hospitality Consulting: If you sell accommodation or manage a restaurant, call us about a consultation or to run a simple workshop to help you and your staff understand what 'going green' entails and why it needs to be taken seriously - in short, we'll get everyone's buy in, including yours! And if you are a supplier, let us assist with greening your manufacturing process and the lifecycle of your product and packaging.

Speaking & Workshops: Ask Lorraine to come and address you, your team or your community. Lorraine is a member of PSASA and has become a popular motivational speaker on sustainable and responsible tourism, hospitality and family lifestyle. All aspects of sustainable, eco and green issues are addressed, debunking the myths and demystifying the jargon and leaving the audience positive, motivated and with easy solutions. She has been invited to speak at international conferences, seminars and exhibitions, right through to small local functions.

Awards: Lorraine has received numerous awards and commendations for her commitment to responsible tourism and hospitality in South Africa. [Read more about the awards here.](#)
